

Aastra 6869i VoIP Telephone

Powerful, Expandable SIP Telephone with Rich Color Display and Advanced Audio Processing

Supporting today's high speed networks through dual Gigabit Ethernet ports, the 6869i offers a large 4.3" color backlit LCD display, 12 programmable soft keys, 5 programmable context sensitive system keys and native DHSG/EHS headset support.

Offering remarkable HD wideband audio, an enhanced speakerphone that utilizes dual microphones, advanced audio processing and a unique audio design, the Aastra 6869i delivers rich and crystal clear handsfree conversations. When equipped with an optional detachable key-

board, and up to three expansion modules, the 6869i becomes a robust productivity enhancing desktop communication tool. With its fully customizable hard key layout, XML capabilities and a PoE class 3 rating, the 6869i is one of the most advanced SIP desktop phones available on the market today.

Remarkable Audio - All 6800i Series SIP Phones feature Aastra's high definition Hi-Q™ audio technology to deliver enhanced performance and voice clarity. Integrating HD wideband audio codecs, advanced audio processing and hardware components that support a true wideband frequency range, the 6869i offers a superior voice experience on each audio path – handset, speakerphone or headset port – making conversations crystal clear and more life-like. The unique audio design of the 6869i allows it to build on the impressive audio characteristics of the 6867i, which also utilizes dual microphones and advanced voice signal processing, to further enhance its audio performance making handsfree conversations sound even richer and clearer.

Large High Resolution Color Screen Display - The Aastra 6869i features an exceptionally large high resolution 4.3" 480x270 pixel color backlit LCD display that delivers a rich visual presentation helping maximize productivity and ease of use. The large color display combined with ICON based navigation menus and intuitive User Interface makes the many powerful telephony features of the 6869i instinctively easy to use.

Flexible Headset Options - The Aastra 6869i features an innovative headset port that uniquely provides dual support for DHSG/EHS and modular 4-pin headset connections. Users with wireless headsets that support DHSG/EHS can now connect directly to the 6869i without the added cost of additional adaptors or cables.

Environmentally Friendly - All Aastra 6800i Series SIP phones have been designed to be environmentally friendly. The Aastra 6869i also supports an optional Efficiency Level "V" compliant power adaptor if required. With smaller packaging that includes 100% recycled and biodegradable material, the Aastra 6800i Series is one of the most environmentally friendly family of SIP phones on the market.

Aastra 6867i VoIP Telephone

Powerful, Expandable SIP Desk Telephone with Color Display

A 9-line SIP phone designed for power users who demand a lot from both their phones and their networks. The 6867i provides remarkable HD wideband audio and an enhanced speakerphone that utilizes dual microphones and advanced audio processing to achieve richer and clearer handsfree conversations.

*Supporting today's high speed networks through dual **Gigabit Ethernet ports**, the 6867i offers a large color LCD display, 6 programmable soft keys, 4 programmable context sensitive system keys and native DHSG/EHS headset support.*

When equipped with an optional detachable keyboard, and up to three expansion modules, the 6867i becomes a robust productivity-enhancing desktop communication tool. With its fully customizable hard key layout, XML capabilities and an environmentally efficient PoE class 2 rating, the 6867i is one of the most advanced SIP desktop phones available on the market today.

Remarkable Audio - All 6800i Series SIP Phones feature Aastra's high definition Hi-Q™ audio technology to deliver enhanced performance and voice clarity. Integrating HD wideband audio codecs, advanced audio processing and hardware components that support a true wideband frequency range, the 6867i offers a superior voice experience on each audio path – handset, speakerphone or headset port – making conversations crystal clear and more life-like. Even more impressive is the unique design of the 6867i speakerphone that utilizes dual microphones and advanced audio processing to achieve richer and clearer handsfree conversations.

Large Color Screen Display - The Aastra 6867i features a high resolution 3.5" QVGA color backlit LCD display that delivers a rich visual presentation helping maximize productivity and ease of use. The large color display combined with ICON based navigation menus and intuitive User Interface makes the many powerful telephony features of the 6867i instinctively easy to use.

Flexible Headset Options - The Aastra 6867i features an innovative headset port that uniquely provides dual support for DHSG/EHS and modular 4-pin headset connections. Users with wireless headsets that support DHSG/EHS can now connect directly to the 6867i without the added cost of additional adaptors or cables.

Environmentally Friendly - All Aastra 6800i Series SIP phones have been designed to be environmentally friendly. Using dynamic PoE class reporting, the 6867i has a PoE Class 2 rating that automatically switches classes when an expansion module is connected enabling the phone and network switches to efficiently manage its power consumption. The Aastra 6867i also supports an optional Efficiency Level "V" compliant power adaptor if required. With smaller packaging that includes 100% recycled and biodegradable material, the Aastra 6800i Series is one of the most environmentally friendly family of SIP phones on the market.

Aastra 6865i VoIP Telephone

Exceptional Value in a Fully-Featured, Expandable SIP Telephone

The Aastra 6865i offers exceptional flexibility in a true enterprise grade SIP desktop phone that can support up to 9 lines, has Dual Gigabit Ethernet ports and features a large 3.4" 128x48 pixel LCD display with soft white backlighting and large fonts making the screen easy to read in any lighting conditions.

With its 8 programmable keys, XML capabilities, native DHS/G/EHS headset support, a true HD handset and a speakerphone that delivers remarkable wideband HD audio quality, the Aastra 6865i SIP phone is ideally suited for the small to large business market that needs Gigabit throughput for PC connectivity.

Remarkable Audio - All 6800i Series SIP phones feature Aastra's high definition Hi-Q™ audio technology to deliver enhanced performance and voice clarity.

Flexible Headset Options - The Aastra 6865i features an innovative headset port that uniquely provides dual support for DHS/G/EHS and modular 4-pin headset connections. Users with wireless headsets that support DHS/G/EHS can now connect directly to the 6865i without the added cost of additional adaptors or cables.

Environmentally Friendly - All Aastra 6800i Series SIP phones have been designed to be environmentally friendly. Using dynamic PoE class reporting, the 6865i has a PoE Class 2 rating that automatically switches classes when an expansion module is connected enabling the phone and network switches to efficiently manage its power consumption. The Aastra 6865i also supports an optional Efficiency Level "V" compliant power adaptor if required. With smaller packaging that includes 100% recycled and biodegradable material, the Aastra 6800i Series is one of the most environmentally friendly family of SIP phones on the market.

Aastra 6863i VoIP Telephone

An IP Phone that is both Dependable and Economical

The Aastra 6863i delivers exceptional value in an enterprise grade SIP desktop phone. With a sleek and thin modern design, the 6863i rivals other higher priced SIP products in its class on its features, flexibility and value

This 2-line SIP phone with its 2.75" 128x48 pixel monochrome LCD display, programmable hard keys and smaller desktop footprint is an ideal option for professional workers in business environments that have light telephone use requirements.

Featuring a true HD handset and speakerphone, the 6863i offers remarkable wideband audio quality. Dual 100 BaseT Ethernet ports with a hardware-based Ethernet switch, advanced XML capabilities for configuration and custom applications and a PoE class 1 rating are just some of the many features this very affordable SIP phone has to offer.

Remarkable Audio - All 6800i Series SIP Phones feature Aastra's high definition Hi-Q™ audio technology to deliver enhanced performance and voice clarity. Integrating HD wideband audio codecs, advanced audio processing and hardware components that support a true wideband frequency range, the 6863i offers a superior voice experience on each audio path – handset or speaker – making conversations crystal clear and more life-like.

Enhanced Call Management - With extensive storage capacity for personal directories, callers logs, redial lists, and 3 programmable keys the Aastra 6863i can improve efficiency by providing more call information with the push of a button. With dedicated hard keys including: Transfer, Callers List, Hold, Redial, Goodbye, Options, 2 volume keys, Mute(with LED) and Speaker (with LED) as well as a 4-way navigation with Select/OK key, the 6863i is easy to use and efficient for your everyday telephone use.

Environmentally Friendly - The efficient PoE Class 1 power rating – which is a convenient alternative to traditional AC power adaptors, along with other built-in low power management features showcase the 6863i's environmentally friendly design. The phone also supports an optional Efficiency Level "V" compliant power adaptor if required. With smaller packaging that includes 100% recycled and biodegradable material, the Aastra 6800i Series is one of the most environmentally friendly family of SIP phones on the market.
